

## TFRS Performance Framework

**VISION** - To upskill, retain and grow the ASC workforce by making it easy for employers to claim the costs back of training and development, including professional revalidation

To make it easy to track the progress of submitted claims

ASC providers will be able to self-serve and submit training reimbursement claims online easily with little to no support

Make it easy to find information and guidance relating to the scheme, what it covers, and how it works

Deliver a service that is secure to use and always available
